#### Dissertation Abstracts: (Doctoral Students Only)

The traditional dissemination of doctoral dissertation research has been through the publication of the abstract in ProQuest/UMI Dissertation abstracts and the submission of the entire dissertation to University Microfilms for microfilming and distribution. The electronic submission and availability of the dissertation via the Web now makes the dissertation easier to access through the GSU Henderson Library cataloging. However, if you wish to pursue the submission of your document or abstract to ProQuest/UMI you should discuss this option with your major professor. For details and information on submitting to ProQuest/UMI, please refer to the ProQuest/UMI web site: [http://www.proquest.com/products\\_umi/dissertations/submitted\\_authors.shtml](http://www.proquest.com/products_umi/dissertations/submitted_authors.shtml) for agreement forms, and fee requirements.
