The Garden is a living museum.

• Enjoy Yourself

Dress appropriately for the outdoors. Wear closed-toe shoes and bring insect repellent, sunscreen, and water.

• Be Safe

Watch for uneven ground and slippery surfaces. Keep out of farm buildings unless you are instructed to enter by your program leader. Remember that you are in a natural setting and may encounter a variety of plants and animals. Observe, but do not approach or handle wild animals. Do not climb trees, structures, or water features in the Garden.

• Be Respectful

Stay on paths and avoid flower beds. Do not pick leaves, flowers, or fruits from plants. Keep voices low to experience the sounds of the Garden.

Enjoy!
