Portable Sustainability Exhibit – Georgia Southern Museum

◆ Exhibit is currently in production (Title panel 36”x70” shown at left). Lightweight and flexible it will be able to travel to a wide range of venues. Printed on sustainable materials.

◆ Interactives will make the exhibit fun and attractive to all ages introducing them to major issues in sustainability and highlighting the specific efforts of Georgia Southern.

◆ Our first booking to test the exhibit will be with May Howard Elementary School’s Math and Science night, November 6, 2014.
