**Material:**
- 3 pallets
- 1 wooden broom handle
- Power drill
- Handsaw
- Hammer
- Crow bar
- Rocks
- Recyclable shopping bags
- Tennis ball
- Plastic flower cup
- Scissors
- Ruler
- Yardstick
- Nails $1.50

1. Disassemble two pallets.
2. Using the handsaw, cut a third pallet in half so that you have 2 of the 3 long boards intact.
3. Using one of the long boards make a side from by cutting 2 other boards flush to the long board. It should form an “A” type shape. Make two of these
4. We attached the two “A” frame pieces to either side of the dodge ball thrower.
5. We drilled a hole through the top of each “A” frame we also drilled a hole through a third long board.
6. We put a broomstick through all three with the last long board in the middle.
7. We cut a plastic flower cup in half, and then attached it to the long end of the middle long boards.
