  - This field trip is not available for children Pre-K and younger.
- Up to 120 students (20 MIN - 120 MAX)
  - You may bring fewer than 20 but will be charged for a minimum of 20.
- Program time (excluding lunch): 2 ½ hours
- If you would like to reserve the Ecology Pavilion for your lunch that will extend your visit by at least 30 minutes.

Description:

The Native Habitats and Wildlife field trip is the most popular choice of programs offered at the Wildlife Center. Groups visit four venues (Raptor Walkway, Down-to-Earth Encounter, Wildlife Program, and Discovery Trail) in two hours, and then enjoy an exciting Flight Show demonstration with our Birds of Prey in the Center's amphitheater. This tour is an excellent introduction to the habitats and wildlife of our region, as well as some from around the world. It is an interactive tour with considerable time spent interacting and viewing a variety of wildlife.

New this year: You may choose up to two educational topics to be covered during the different venues of your field trip. The topics to choose from are- Food Chain, Habitats, Classification, Life Cycle, Basic Needs of Wildlife, Adaptations, Grouping Animals, and Pets v/s Wild Animals.

Lunch may be scheduled by reserving the Ecology Pavilion for a picnic. If you would like to have your lunch catered by GSU Catering please contact them directly at 912-478-8681 to make those arrangements. The cost of the Native Habitats and Wildlife field trip is $5 per attendee, including teachers, parents and chaperones. Bus drivers are free.

This field trip is not available in June, July or August.
