- Cost: $5 per person

Program Description:

Walk on the Wild Side is the newest summer program offered at the Wildlife Center and includes a rotation at the recently renovated Waterfowl Pond. This program is designed specifically for summer camp kids ages 6-18, as well as individual groups, organizations, and clubs.

Groups visit three venues (Waterfowl Pond, Raptor Walkway and Wildlife Program/Lecture Hall) in 1 1/2 hours, and then may enjoy lunch at the Ecology Pavilion at the end of the program. This tour is an excellent introduction to native reptiles, raptors and waterfowl, as well as some from around the world. Considerable time is spent interacting with and viewing a variety of wildlife.

You may choose up to two educational topics to be covered during your program. The topics to choose from are - Food Chain, Habitats, Classification, Life Cycle, Basic Needs of Wildlife, Adaptations, Grouping Animals, and Pets v/s Wild Animals.

Lunch may be scheduled by reserving the Ecology Pavilion. If you would like to have your lunch catered by GSU Catering please contact them directly at 912-478-8681 to make those arrangements. The cost of the Walk on the Wild Side summer program is $5 per person, including teachers, parents, counselors and chaperones. Bus drivers are free.
