- Cost: $7 per person

Program Description:

Wetland Habitats and Wildlife is one of our newest field trip programs offered at the Wildlife Center and incorporates the recently renovated Waterfowl Pond and updated Wetland Preserve.

Groups visit three venues in the Wetland Preserve (Waterfowl Pond, Wildlife Program and Cypress Pond) in one and a half hours, and then enjoy an exciting Flight Show demonstration with our Birds of Prey. This tour is an excellent introduction to the wetland habitats and wildlife of our region. It is an interactive tour with considerable time spend interacting and viewing a variety of wildlife.

You may choose up to two educational topics to be covered during your program. The topics to choose from are - Food Chain, Habitats, Classification, Life Cycle, Basic Needs of Wildlife, Adaptations, Grouping Animals, and Pets v/s Wild Animals.

Lunch may be scheduled by reserving the Ecology Pavilion. If you would like to have your lunch catered by GSU Catering please contact them directly at 912-478-8681 to make those arrangements. The cost of the Wetland Habitats and Wildlife program is $7.00 per person, including teachers, parents, counselors and chaperones. Bus drivers are free.

This field trip is NOT offered in June, July and August.
